### ACCESS TO INFORMATION

The Access to Information team completes several Privacy Impact Assessments for new technology, focusing on access and privacy by design prior to implementation.

#### **OCCURRENCE DATA**

The Service releases an occurrence dataset yearly detailing police-reported occurrences for the calendar year. Each record of the dataset contains information on the call type, general location, and call and service time information.

#### **CRIME MAP**

Want to know what's happening in your neighbourhood? The Crime Map provides an interactive approach to see police calls for service in Waterloo Region.

## ACADEMIC PARTNERSHIPS

The Service recognizes the opportunity to collaborate with researchers where they can benefit by using real data, learn about the practical side of policing, and fulfill career goals. It also creates opportunities for police members to share and contribute their experiences, knowledge, skills, and abilities.
